## Patient Reference Group Review feedback March 2019

How do you see your role as a PRG representative from your PPG

Mentimeter

11

1 word that describes the support that HWS provides to the PRG

Mentimeter

13

What would you like to see on the agenda at future PRG meetings

### Anything to add?

Mentimeter

To feel that senior CCG management respond adequately to grassroots issues

I would like to have food proved

Important we remain patient-led and have a younger element joining in

Invite CCG senior staff. CCG improve practice it services

CCG staff listen politely but do they really take our views on board? I doubt it!

Invite health providers to give presentations

It is unclear whether the Principals within the NHS value PPGs because we get no feed back

Our views to be listened to and acted on

To be taken seriously by CCG

12

### Anything to add?

Mentimeter

CCG are open re £ constraints and consider our priorities

One year old problem still repeats itself Re. Medicine wastage which has not been addressed. ?? Passing the buck

Show of hands would be quicker
